MARKET PULP

Meeting a variety of consumer needs

We are a competitive producer of market pulp in North America. Our pulp can be found in many everyday products, including bath tissue, paper towels, packaging, specialty papers and absorbent products, such as diapers.

3

mills²

Production capacity:
794,000 mt/year

3

grades

(northern bleached softwood
kraft, recycled pulp, fluff pulp)

TISSUE

Getting you through the day

We produce private label and branded bath tissue, paper towels, facial tissue and napkins in premium, mid-tier and value grades for retail and away-from-home markets. We also offer our own brand of tissue and towel dispensers.

4

facilities

Production capacity:
128,000 st/year
(116,000 mt/year)

15

PAPERS

Making a great impression

We are a leading global producer of newsprint and the largest producer of uncoated mechanical papers in North America. Our papers are used to print top newspapers and bestsellers as well as a variety of other publications and advertising material.

6

mills²

Production capacity:
1.2 million mt/year

6

categories

(newsprint, super-brite papers,
supercalendered papers,
book papers, hi-brite papers,
directory papers)

1. Société en Commandite Scierie Opitciwan is an unconsolidated entity in which Resolute has a 45% interest.

2. Excludes the Thunder Bay (Ontario) pulp and paper mill, which is held separate until its sale to a third party as required by the Consent Agreement between Domtar Corporation and the Canadian Commissioner of Competition registered with the Competition Tribunal of Canada on December 28, 2022.

SUSTAINABILITY

Responsibly managing our environmental footprint

Reinforcing our environmental credentials by taking appropriate steps to responsibly manage climate change is a primary area of focus of our sustainability strategy.

87%

reduction in absolute GHG emissions (scope 1 and 2) since 2000 at pulp, paper and tissue mills

energy requirements (electricity and fuel) derived from renewable sources, such as carbon-neutral biomass and hydroelectricity

pulp, paper and tissue mill residues repurposed for beneficial use³

41.5%

reduction goal in GHG emissions (scope 1 and 2) by 2026 compared to 2015 validated by the **Science Based Targets initiative (SBTi)**

Ensuring the sustainability of the forests in our care

The forest products sector demonstrates the circular economy in action, beginning with its primary input: fiber, a renewable, natural resource. The regeneration of harvested woodlands is an essential component of responsible and sustainable forest management. We rely on various forest management techniques and best practices, including regeneration surveys, site preparation, planting of seedlings and seeding – all in combination with natural regeneration.

100%

forests regenerated; managed forests certified to internationally recognized standards; and facilities certified to internationally recognized chain of custody (CoC) standards

Investing in innovation, research and development

- Start-up of a new commercial cellulose filament plant at our Kénogami (Quebec) paper mill. Made from wood fiber, cellulose filaments are a novel, 100% natural biomaterial additive for products, such as concrete, plastics and coatings, to improve their technical performance and environmental footprint.
- Our regional supplier registration web portal supports the development of local, regional and Indigenous businesses. More than 2,800 suppliers have signed up through the portal since 2020.
- We continue to support academic institutions to help promote the forest products sector and spark innovation. In 2022, Resolute provided \$297,000 in financial support to universities, colleges and students through endowments, scholarships and research grants.

3. Recycling, energy recovery and beneficial use alternatives, such as agricultural land spreading for farmland fertilization.

OUR PEOPLE

Positioning the company as an employer of choice

With close to 7,000 employees across some 40 facilities in the United States and Canada, we have positioned Resolute as a top employer, providing everyone the means to achieve their full potential through teamwork, a common culture and shared values.

1,350
new employees
recruited

26

collective agreements renewed
covering 1,700 unionized employees
at our wood products facilities in Canada,
helping to ensure operational stability
and long-term competitiveness

Maintaining our unwavering focus on safety

Safety is a top priority at Resolute. Every employee is responsible for identifying potential safety hazards and helping create an injury-free workplace.

In 2022, we recorded a world-class Occupational Safety and Health Administration (OSHA) incident rate of 0.63

56%

of our operations
completed the year
**without a single
recordable injury**

Through Resolute's Safety Award Program,

\$206,000

donated to charitable and community
organizations chosen by employees
(\$2.4 million since 2010)

Engaging our operating communities

Over the years, our integrated community outreach strategy in support of our operating communities has taken many forms, including financial and material support, and numerous volunteer hours by our employees.

\$1.3 million

contributed to various community
and academic organizations

Building Indigenous partnerships

We are proud of cultivating relationships with nearly 40 Indigenous communities and organizations in Ontario and Quebec, as we understand how integral natural resources are to their prosperity.

- **21-year partnership with Fort William First Nation** at Thunder Bay (ON) sawmill, which is located on the First Nation's land and employs over 250 workers, many of whom are Anishinabek
- **23-year joint venture with Band Council of Obedjiwan** at Opitciwan (QC) sawmill, which employs over 50 workers, more than 80% of them Atikamekw
- **More than \$95 million in Indigenous procurement contracts** awarded among three operating regions: Northwestern Ontario and Quebec's Saguenay-Lac-Saint-Jean and Mauricie regions

**PAPER
EXCELLENCE
GROUP**

Resolute Forest Products' roots spread out across two centuries, over 20 predecessor companies, multiple countries and hundreds of communities.

On March 1, 2023, Resolute began the next chapter of our 200-year history as we joined the Paper Excellence family of companies. The Paper Excellence Group is a private holding company that oversees individual pulp, paper, packaging and wood products business units. Founded in 2006, the Group has grown through acquisitions, in Canada, Europe, Latin America and the United States.

Unless otherwise noted, amounts in this document are in U.S. dollars, and data reported is as at December 31, 2022.
